

Agents Marketing Center has been proudly serving insurance brokers since 1982. We originally offered individual and group products, but in 1995 we added our Sister Agency, AMC Life Marketing to handle the life and annuity side of the business. Since that time, we have grown to a National full-service brokerage firm who is licensed in multiple states, with several different products.

We bridge the gap between the broker and the carrier by helping with contracting, quoting, processing applications and more!

We pride ourselves in being able to establish and strengthen successful partnerships and respect the interests and goals of everyone; we strive to exceed expectations through the years of experience and commitment to our brokers.
